

Kevin:

"I would like to convey our sincere appreciation and gratitude for the outstanding service and support provided by the entire staff at DFW Multimedia, Inc. during the past several weeks it has been a wonderful and pleasant experience during the production of our new product images, and I look forward to our continued business relationship."

Thanks for being patient, resourceful, during the editing process and for following-up...if all companies had employees like yours, my job would be so much easier..."

Although the end product is fantastic, I can not say enough about your team. They are quick, friendly, knowledgeable and always bend over backwards to take care of me and make sure that I am satisfied with the end product in a timely manner.

Yours truly, Bill McFadyen,

SR Smith LLC.
